What's it like being one of our youngest models, Dill?

Am I the youngest? Well I seem to be treated just as fine as all the others, although I must admit, I am the best when it comes to pulling. Anyway, I'm 19 next month so it's goodbye to my innocent look.

How do you mean?

Well, it'll then be my last year as an unruly teenager. Time to throw out the rule book and go and get whatever I want to lay my filthy hands on. Hey, if you can't do it when you're young…

Do it when you're older?
[Laughs] No, no, do it when you're young! You need to get all these sexual urges out of your system while you have the energy to do so. When I'm 19 I'll be Dill the Drill and grind my way through so many men. Can't wait!

Right, where does the queue start?
That's it, get in line. Remember now, it's my birthday so I'll be expecting a nice surprise, perhaps a brand spanking new dildo. Or maybe just a spanking! Hey, it's just occurred to me – this is my last two weeks being 18! I'd best go out and pull to celebrate!

Claire, is it just us or did you say you were going to quit doing glam work a few months ago?
I know, but the thing is I love doing this! I had this desire to shave myself anyway and I thought it would make a good set. Besides, so many people wrote to me telling me not to quit Mayfair altogether.

You're just too generous.
They say you should quit when you're ahead but I'd rather keep riding the wave of success. Besides, my boss doesn't mind me taking time off every other month to pose for you lot.

Well it's good to have you back!
Did you see the amount of letters people sent in? That really flattered me.

They were after those hot photos you signed.
Yeah. I did something a bit naughty, actually. I rubbed one of those pictures on my fanny!

That a new hair colour, Susan?

Yes, I love to mess around with my hair and try out all kinds of colours. I've never tried out the blonde look before though.

What's your natural colour, then?

Hey, there's only one way to tell!

You've shaved so much off we hardly can tell!

I always like to keep people guessing. When I dyed it red a few months ago I was able to get so many men. The old line, "Want to find out my natural colour?" set their knees trembling!

So what's next?

I think I'll go for something really far out like blue. You know, blue by colour, blue by nature!

We want to be on a plane when you're the hostess, Angel.

It's the uniform thing, isn't it? Everybody seems to get off on that. I get my kicks out of standing in front of the passengers and going through the safety routine – I always leave a couple of buttons on my blouse undone just for the blokes aboard.

Hang on, you're supposed to make everybody feel relaxed!

At least it takes their minds off the flight! Anyway, when you're in a plane you've often only got clouds to look at. I think of myself as the in-flight entertainment, and the best on any airline!

Ever get up to any tricks with the pilots?

Sorry, that sort of thing only exists in films – and rightly so. The last thing you want is the crew to be fucking when you're thousands of feet up in the air. I must say, a few of the pilots are pretty tasty, though.

Really?

No, I'm only saying that because I know they'll be reading this interview!

They know you pose for us?
Everybody I work with knows! I don't mind either, there's no point in living a lie and trying to cover up what you do. I show off my body for 'men's magazines' – big deal.

Where's your next trip taking you?
Hong Kong, which is a tiring trip. I get a few days off when I get there, though, so I'll be able to relax and sample what the far east has to offer. I might even get lucky with the locals.

You 'might'? Of course you will!
Well I don't know, we'll have to see what happens. Huh, who am I trying to kid – as soon as I get off that plane I'll be dying to go out and stretch my legs. And the nearer to my ears they stretch the better!

What's the difference between an exotic dancer and a stripper?
Is this a joke or something?

No, we're genuinely interested.
Exotic dancers don't always strip fully naked. I do, but there's an exception to every rule, isn't there?

We hear you've got a popular act.
Baby, men come from all directions to see my act. And once they've seen me do my thing – they come in all directions again!

Got any favourite exotic moves?
The one which always works when I'm dancing is simply bending over and waggling my butt in someone's face. That's a trick guaranteed to get cocks hard.

We don't even need that, Drew. We're going to have to remain sitting down for a while…
What, I've got you guys stiff just by talking to you? Man, I'm more talented than I thought!

What do you like to do after a hard night's exotic dancing?
Get a good fucking with a man. Unless I'm not in the mood, that is, in which case a good book works wonders. They're great to wank over!

What's it like to think that your pictures might be stuck up on office and factory walls?

If I'm cheering up somebody's work environment then that's great. At the end of the day, men like looking at pictures of naked girls. I'm providing a service – and I'm damn good!

What are your plans for the future?

Workwise, I'll stay with modelling as it's the best job a girl can have.

Really? The best?

Well not the best, but I've had to accept the chances of getting a job as a personal sex advisor to Leonardo DiCaprio are really rather slim!

We haven't seen you for a year! How's it going? *Really well, thanks. I've recently come back from a five month travelling trip in Australia so I'm as fresh as a daisy. There's nothing better than a big trip to get away from it all and charge up your energy, and shagging the Aussies was nice!*

So you're back home for good? *Hell no, I'm saving up for a big tour of the States. In three months I'll be seeing what American men have to offer!* Ⓜ
